

IX INTERNATIONAL CONFERENCE OF THE VERBOTONAL SYSTEM

Second announcement

"TRANSLATIONAL APPROACH IN DIAGNOSTICS AND REHABILITATION OF LISTENING AND SPEECH" – 55 years of SUVAG"

Zagreb, May 19-21, 2016

This jubilee meeting is dedicated to **55th anniversary of SUVAG Polyclinic – Zagreb** and **20th anniversary of the Centre for Cochlear implant**, and it will be held on the occasion of *Days of the SUVAG Polyclinic* and in the frame of the programme *Days of Petar Guberina* which will be held **from May 19 to 21, 2016** as a sign of reminiscence to the founder of the Verbotonal System and our institution.

The main topic of the meeting is "Translational approach in diagnostics and rehabilitation of listening and speech" and three-day programme includes:

- **Symposium** on topics from the wide approach to diagnostics and rehabilitation of listening and speech
- **Performance** by the children from the SUVAG Polyclinic that will show the results and achievements of the verbotonal rehabilitation of hearing and/or speech impaired children and success in learning foreign languages in our institution
